

12-14 July 2022 Krakow, Poland

Since 1950 www.etcc2022.org

Dear Ladies and Gentlemen

Due to the social and legal limitations caused by the SARS CoV-2 pandemic **new date of the European Technical Coatings Congress ETCC2022 (before ETCC2020) will take place on: 12 – 14 July 2022 in Krakow.**

All conditions, including:

- **Registration for the congress**
 - **Congress fees already paid**
 - **Oral and poster presentations submitted**
 - **Registration to the exhibition**
 - **Registration to the “Summer School” session for young scientists**
- will be fully valid for the new congress date.**

For more detailed information please visit: www.etcc2022.org

The ETCC2022 presentations refer to the latest scientific and technical achievements concerning: **paints, coatings, raw materials, adhesives, construction materials, related processes and concepts.**

New ABSTRACT SUBMISSION, deadline: 30 January 2022

Some **ETCC2022 facts and figures:**

- ✓ We have 138 oral and 68 poster presentations accepted to be presented by 200 authors from many countries world-wide, please see the congress program at: www.etcc2022.org/en/congress/congress-program
- ✓ The possibility of publishing congress papers in renowned journals is arranged www.etcc2022.org/en/congress/publication-in-journals
- ✓ Exhibition prepared, details available at: www.etcc2022.org/en/congress/registration-form-for-exhibitors
- ✓ The “SummerSchool” program for young scientists is created, available at: www.etcc2022.org/en/congress/summer-school

During the three days of the event there will be **plenary presentations, 6 parallel sessions, poster presentations, and an exhibition.**

Speakers are representing the largest companies, institutes, and universities from many countries world-wide.

Topics of papers to be submitted should refer to:

- Advances in science of paints, coatings, adhesives and construction materials
- Polymers and other raw materials usage
- Chemical composition and products specifications
- Progress in processing and production
- Corrosion protection products
- Measuring and testing, quality systems
- Application methods and application equipment
- Equipment and production lines
- Products and process legislation
- Environment, safety and health issues
- Thermal and weathering degradation of paints and coatings

Awards of 1000 € each will be granted for the following categories:

- ✓ Best presentation of the congress
- ✓ Best paper presented by a young scientist
- ✓ Best paper with ecological content
- ✓ Other awards and recognitions
