

Programme 2018

ATIPIC / BPG Workshop Leuven 22/02/2018

WHERE POLYMERS MEET COATINGS

Location	Speaker1	Speaker2	Speaker3	Speaker4
Brabant Leuven Room LUNA	Dr. Antje Lieske Fraunhofer Institute Dr. Roland Hass PDW Analytics Online monitoring of polymer nanoparticle growth as valuable tool in the development of paint and adhesive dispersions	Dr. Lionel Petton Agfa-Gevaert NV High-throughput formulation screening of inks and coating solutions	Aad Lansbergen DSM Novel renewable polyester-imide based alkyd resins for coating applications	Dr. Silfredo Javier Bohorquez Allnex New Waterborne Urethane Acrylic Technology for Automotive Basecoat

Programme 2018

ATIPIC / NVVT Symposium Brecht – 28/03/2018

IMPACT OF REGULATIONS: THREATS & OPPORTUNITIES

Location	Speaker 1	Speaker 2	Speaker 3	Speaker 4	Speaker 5	Speaker 6	Speaker 7
E10 Hoeve Brecht	K. Raeymaekers Akzo Nobel Biocides: Threats or useful?	J. van der Meulen CEPE EU regulations: curse or blessing for the EU paint industry?	Th. P. Bjerring Eurofins Navigating the jungle of VOC requirements for paints and coatings around the globe.	A. Hofland DSM Biobased paint; a realistic contribution of the paint industry to a circular economy?	U. Wilkenhöner Kronos Titanium dioxide Environment & Toxicity.	D. Mestach Allnex Green resin technologies: regulatory challenges for the coatings industry.	F. Gol Borchers Solutions to the Regulatory Concerns Affecting Cobalt and MEKOX in the Coatings Industry.
